WiW will provide 5 online training of trainer sessions, one for each of our five capacities: Heart, Head, Hands, Health, and Human Rights.

PRAY for excellent internet connections for all and sharp, open minds and hearts to receive these life-giving lessons.

*Training of Trainers*

New Ministry Initiatives and Successful Launch of Ministry Partners in 2025!

We are thrilled to welcome new ministry initiatives but also beyond grateful that some of our veteran ministry partners are launching into a new season of maturity and growth. Praise God for His rhythm of life and growth!

*Welcome in the New!*

Our signature Bible Study, Essentials, helps women discover their identity in Christ as they focus on the essentials for a meaningful life and an eternal legacy. In 2025, Essentials will be translated into 3 languages for a total of twelve! PRAY for translation, distribution and effective training.

*Time for Growth!*

Our 3rd Annual Soul Care Retreat, will be held at the beautiful Royal Poinciana Chapel in Palm Beach, Florida, on Saturday, March 15. Nada Haddad, Women's Ministry Director of Near East Organization from Lebanon will lead us. PRAY for the Spirit of the Lord to draw women across cultures and generations to discover how their lives can have purpose, joy, and triumph in Christ.

*Soul Care*

Did you know that Christianity is growing faster on the continent of Africa than anywhere else in the world?

WiW is expanding our reach across Sub-Saharan Africa as we add 8 new nations in 2025. PRAY that our growing African outreach will empower women to live and serve triumphantly.

*Empower Women!*

Two Brand-new Opportunities: Women in the Window is adding the nation of Pakistan in 2025! PLUS our Nepal ministry partner will host a Women's Conference with more than 200 WiW alumni women leaders in Nepal in February. Pray for Kim Kerr and Aislynn Turner as they head there soon!

*Go Into All The Nations!*

Dozens of MENA women leaders gather for our WiW "Your Story Matters," Training Conference in Türkiye, as author, Leslie Leyland Fields leads us.

Our MENA women have experienced untold tragedy in recent years. Pray that this training helps them live triumphantly!

*Live Life Triumphant!*
